

# InlinePlastics®

## Product Catalog

“

Keeping it fresh  
since 1968.

## Welcome to the Inline Family

When describing Inline Plastics, we think of family. It is at the heart of our company and all of our operations. From our extensive product families, to our fifty plus year history of Orkisz ownership, to how we treat our customers and suppliers - it is all about family and that is why many of our relationships have lasted for decades.

In the 1950's, my father and uncle started their venture into mold making and thermoforming in their Bridgeport, Connecticut family home. That was the birth of Inline Plastics, which is now one of the industry's most innovative packaging manufacturers with facilities across the United States and coming to Canada. Throughout all this growth and development, the company has remained under Orkisz family ownership with a third generation, my daughter, Alicia Orkisz Fitze, joining the organization in 2018.

### Core Values

Our success is directly tied to our core values of innovation, sustainability, and customer satisfaction that result in environmentally friendly, high quality, cost-effective packaging and packaging automation solutions. Whether working with our R&D center, sales and marketing, or manufacturing, every team at Inline is committed to providing the best customer service and exceptional products. We never settle and are always looking for creative and pioneering solutions for the ever-changing marketplace.

### Sustainability

Family means taking care of one another. That extends beyond our customers and employees, to our communities and the world around us. We support proactive and responsible business operations that encourage environmental sustainability, increase awareness and education about recycling, and reduce negative impacts on our environment. Inline products are 100% curbside recyclable and made with the lowest carbon footprint PET material. Our innovation teams are also hard at work incorporating more post-consumer recycled materials into our production processes.

# We look forward to working with you!

### Let's Get Started

This catalog provides extensive information on our product lines and our teams are ready to answer questions and creatively provide solutions for your individual packaging needs. Visit us at [inlineplastics.com](http://inlineplastics.com) for more information, or reach out to our Chief Fun Officer, Lemon, at [lemon@inlineplastics.com](mailto:lemon@inlineplastics.com), to find out more about our products, services, and how to become a part of the Inline family.

practices to protect the  
world around us**

## Five Areas of Focus for Environmental Sustainability

1

### Solar Power

In 2018, Inline Plastics installed a rooftop system with more than 2600 solar panels covering our roof. Solar Power benefits include: a reduction in air pollution, reduction in carbon dioxide and methane emissions, elimination in greenhouse gas production, and reduction in global warming.

2

### Lowest Carbon Footprint Plastic

Our key ingredient is DPET™, a high performing plastic with the lowest carbon footprint on the market today. DPET™ is manufactured in a 3-step energy saving process vs. the traditional 9-step process to produce standard PET.

3

### 100% Recyclable Products

Our products are made with high value plastic. DPET is the most commonly recycled plastic globally. It is also easy and efficient for consumers and municipalities to collect and recycle.

4

### rPET - Recycled post industrial DPET

The Inline rPET is post-industrial recycled DPET. When re-ground, these flakes have a 28% LOWER carbon footprint than rPET made from bottles. Together with our partners, we are working on adding more rPET to our production and look forward to increasing that percentage in the near future.

5

### Educating Consumers about Recycling

In our research with consumers, many did not understand the meaning of the recycled symbol that is embossed on most if not all PET containers in the market. This is why we are now including 'PLEASE RECYCLE ME' on the top and bottom of our new containers.

## Close the deal on higher profits with **Inline Packaging Automation Solutions**

Inline Plastics is the only thermoformed container manufacturer in the industry providing in-house packaging automation solutions.

### Automation Capabilities Include:

We have dedicated over 50 years to packaging innovations. Fully understanding how our customers can benefit from using our automation services quickly became the key input into our development processes.

The Inline Automation team leaves no stone unturned to ensure a reliable and effective automation integration process.

The results translate to a better value proposition for your customers to increase potential new sales. Typically, there is no need for tool change-overs — a simple adjustment of machine settings is all that's necessary.

Machines can be used alone or integrated easily to a packing conveyor or labeler.

## Labeling Systems

Our innovative integrated systems will apply a wrapped label to the front edge of the top or the bottom of our PET clamshell containers. Either way, it's tamper evident and secure.

## High Speed Closers

Container closing equipment is available for all Inline clamshell containers; closing at rates up to 200 units per minute or more. Change over from one size container to the next takes only minutes.

## De-Nesters

Inline equipment is designed to pick and place empty containers onto a packing conveyor quickly, accurately, and efficiently.

## Conveyers

We can automate vibrating the containers to settle food; we can flip the container around onto its lid, or turn containers to the desired position for labeling or ink-jetting.

**We design around existing equipment or develop an entire line.**

To schedule an automation team visit, please contact us at **800-826-5567** or visit [inlineplastics.com](http://inlineplastics.com).

SquareWare®

## Well Crafted, Sturdy 4x4 Squares

Showcases the contents while optimizing critical shelf space

### Multiuse

Ranging from 8 to 32 fl oz  
great for deli, cut fruit,  
veggies, snacks and more

### Enhanced Clarity

Puts contents center  
stage and increases impulse  
consumer purchases

### Rigid Stacking Rails

Great for multilevel  
merchandising

### Unibody Design

Structurally sound, square,  
unibody design

# Safe-T-Fresh<sup>®</sup>

## Bowls

## Enhanced with Easy Closing Properties

Leak resistant seal and robust base make for fast closing

### Tamper Evident

Recessed lid flange protected by blocking rail assures tamper evidence

### New Rib Design

Improved rib design allows for easier closing and improved stacking strength

### Container Clarity

Highest quality PET material and minimal ribbing provide a superior clear view

### Lid Options

Each size offered with either a dome or shallow lid to perfectly fit your product

# Safe-T-Fresh®

## Vented Solutions

Know your product is secure with tamper evident Safe-T-Fresh® containers. Benefits include unique venting solutions for foods that require additional airflow to allow for outgassing.

Specialized venting systems have been strategically designed to allow excess moisture or gases to be released, keeping contents fresher...longer.

## Types of Vented Solutions

### Narrow Vents

Side and bottom vents allow moisture and gases to escape and maintain freshness of herbs, fresh vegetables, and uncut fruit.

### Channel Vents

Large vents in the seal area enable airflow through the container. Great for produce needing excess air.

### Microvents

These unique microvents permit food gases to escape, maintaining product freshness.

Note: Product photos are not proportional to each other and specifications should be referenced for accurate sizing. All dimensions are L x W x H.

## How to Measure our Containers

Standard volumes listed are base + lid volumes combined. The Inside Dimensions (ID) for containers with multiple compartments reflects each compartment's dimensions.

All IDs are measured at the hinge line.

The IDs for circular compartments (cupcakes, muffins, pies) list bottom diameter, top diameter, and height including lid. Outside Dimensions (OD) are consistent with the diagram, and are listed in order of Length (along hinge) x Width x Height.

## Muffin and Cupcake Dimensions

### Example:

ID 2-1/8 x 2-3/8 x 5-5/16 equals

(a) base diameter x (b) crown diameter x (c) height

Mini muffins are generally 1-2 oz.

Standard size muffins are generally 4.5-5.5 oz.

Large/Jumbo muffins are generally 6 oz. and above

Base Diameter (a) x Crown Diameter (b) x Height (c)

c. Height

b. Diameter at crown (widest part)

a. Diameter at base of muffin

Commonly used materials for the manufacture of clamshell and two piece food containers.

**Disclaimer:** We strongly recommend that customers test products under their specific conditions to determine fitness for use. Please feel free to obtain free samples through our website, [inlineplastics.com](http://inlineplastics.com), or contact your Inline Plastics' representative.

## Purchase Order Requirements

All purchase orders must be written for a minimum of 250 (combined) cases to one delivery location in order to qualify for prepaid freight. Safe-T-Fresh® items must be ordered in full pallet quantities per item. The minimum order for all non-Safe-T-Fresh items is one full pallet layer with the exception of CC2R, CC4R, and CCLR which may be ordered by the case. Orders for less than 250 cases will be subject to a \$40 administration fee and the Customer agrees to pay the full freight charge. Inline Plastics reserves the right to select the carrier, routing and rates for shipments less than 250 cases.

## Purchase Order Lead Time

Orders for stock items are generally available to ship within 5 business days of Purchase Order confirmation date by Inline Plastics. Confirmation is sent within 24 hours of the receipt of the Purchase Order. Weekends and holidays do not count as business days in lead time calculations. Please contact customer service for the lead time on non-stock items.

## Purchase Order Policy

Purchase Orders must be in writing and include the following information:

1. Inline Plastics item number
2. Number of cases ordered
3. Price per case
4. Purchase Order number
5. Requested delivery date
6. Delivery address
7. Delivery appointment phone number
8. Customer's e-mail (and fax number if applicable)

Email the original Purchase Order and any revisions directly to:

[customerservice@inlineplastics.com](mailto:customerservice@inlineplastics.com)

To arrange EDI transactions, please call to speak with a representative at

**800-826-5567**

## Purchase Order Match

Prior to submitting an order with Inline, please ensure all Purchase Orders reflect the correct prices. Orders submitted with incorrect prices may result in a delay until the discrepancy is resolved. Inline will attempt to resolve any discrepancies in a timely manner.

## Customer Pick-Ups

Customer Pick Up (CPU) is available at Inline Plastics' discretion. Please contact Customer Service to make any arrangements.

## Invoicing

Terms: 1% 10, Net 30 days from date of invoice.

## Product Warranty

Inline Plastics warrants that all products are manufactured free of defects in workmanship. Inline makes no warranty of any other kind, expressed or implied.

## Shipping Policy

1. Orders within the continental U.S. and Canada are shipped prepaid freight with Inline's standard transit lead times for orders meeting the minimum requirements.
2. The maximum number of full pallets that can fit in a truckload (53' Trailer) is 30.

## Return Goods Policy

1. No return items will be accepted without prior approval.
2. Return freight is the responsibility of the Customer for all returns due to overstock, wrong product ordered or other Customer related issues.
3. Items must be returned within six (6) months from shipment and invoicing by Inline.
4. All items being returned must be in good condition, in original unopened cartons, without any damage to the product; otherwise it will be refused for credit.
5. Once a product return has been approved, Customer is issued a Return Authorization Number (RA Number), and advised of the amount of the credit that may be issued by Inline upon receipt of RESALEABLE\* product pending QA inspection.
6. The amount of credit issued by Inline will be the price paid by the Customer less the following:
  - a) A 20% restocking fee
  - b) The freight cost incurred by Inline to ship the product from the Customer's warehouse back to the originating plant
  - c) Any product rejected during QA inspection
7. Embossed or special order items may not be returned.
8. All requests for Return Authorization should be directed to Customer Service, **800-826-5567** or [customerservice@inlineplastics.com](mailto:customerservice@inlineplastics.com).

\*Resaleable product must pass Inline Plastics' Quality Assurance inspection.
